Board of Education Approves 2023-2024 Traditional and Modified Calendar

[Winton] The Hertford County Board of Education is pleased to announce the release of the 2023-2024 Traditional and Modified Academic Calendars for Hertford County Public Schools. The Board carefully reviewed the calendars, considering the feedback of school and community stakeholders.

The traditional calendar has 177 instructional days, including professional development days for teachers and five built-in makeup days in the event of a school closing due to inclement weather (October 31, November 22, January 2, January 29, and March 28). The first day of school for traditional students will be August 28, 2023, and the last day will be June 7, 2024.

The Hertford County Early College High School modified calendar has 180 instructional days and aligns with the Roanoke Chowan Community College calendar, focusing on meeting the needs of students enrolled in college courses. Students' first day of school will be August 3, 2023, and the last day will be May 17, 2024.

The Board of Education encourages families to review the calendars and begin planning for the upcoming 2023-2024 school year. Both calendars are on the Hertford County Public Schools website www.hertford.k12.nc.us
